### CLANCY'S HUNT POSTPONED

MONTANA JUDGE WILL DO ALL  
HE CAN TO EXPEDITE APPEAL  
FROM HIS DECISION.

Butte, Mont., Oct. 26.—The most important development in the copper war situation was the fact that Judge William Clancy decided to forego his intention of shooting elk while thousands of idle miners are looking to him for whatever relief is possible. Judge Clancy Sunday stated that he will not leave the city and will do all he can to expedite the appeal from his decision to the supreme court.

A local committee of the miners' union called on the judge Sunday afternoon and had a long consultation with him on the subject of postponing his hunting trip. The judge had already informed Mayor Mullins that he had decided to give up the trip.

The fact that a number of armed men were around the depot Saturday night, when it was reported the judge intended leaving the city, caused the mayor to take extra precautions looking to the personal

Protection of Judge Clancy.

Every corner of the city is being guarded closely and a number of special policemen has been immediately pressed into service. All Saturday night four policemen guarded the home of Judge Clancy and two the home of Judge Harney.

Mayor Mullins said that he would employ 500 special policemen if he found that the situation warranted it. While there have been no unusual demonstrations, the mayor says he will take every precaution to prevent anything that might incite a riot or disorder.

Smoke is still issuing from the Colorado and Washoe smelters, but it is stated that the fires probably will be withdrawn in both plants tonight or tomorrow. The engineers and pumpmen at all the properties of the Amalgamated company are still being employed in keeping the mines drained of water.

Judge Clancy Hanged in Effigy.

The city is quiet, though thronged with idle crowds. The announcement of Judge Clancy's abandonment of his hunting trip has apparently had a soothing influence. Indignation is still rife over the departure from the city of John MacGinnis.

Late Saturday night an effigy of Judge Clancy was discovered hanging in one of the principal streets of Great Falls, where the big electrolytic smelters of the Boston and Montana company are located.

Telegrams have been sent from Great Falls to Senator Clark in this city, Governor J. K. Toole at Helena and Representative Joseph Dixon at Washington, and J. J. Hill, president of the Great Northern, asking each if they would act with the other gentlemen named and Senator Gibson in an effort to mediate between the warring copper interests with a view to keeping open the mines and smelters of the Amalgamated company.

Anxious to Lend Their Assistance.

The telegrams were the outcome of consultation of the Business Men's association of Great Falls. Before taking any steps in the matter, Senator Gibson was consulted. He approved the plan and said he would be only too happy to do anything that he could in the matter. The idea of the citizens who initiated this plan was that this committee could act between the parties to the copper war and the courts in any way that they might think best as soon as they could consult with each other.

Senator Clark, Governor Toole and James J. Hill each telegraphed that he would be only too glad to do anything in his power to relieve the situation in the manner suggested providing all the other parties were of the same mind.

F. Augustus Heinze, in a statement to the public, says:

"The offer of the Butte miners' union of \$500 a share for the MacGinnis stock in the Boston and Montana company is just half of what Mr. MacGinnis was offered for his stock about a year ago."

### ELECTRIC CAR RUNS WILD.

Kills a Man and Wrecks a House and Itself.

Joliet, Ill., Oct. 26.—A runaway electric car on the Chicago and Joliet line Sunday killed a man, demolished a house and reduced itself to splinters after a terrific plunge down a steep incline in this city.

Just as the car began to descend the steep hill Motorman Bouray fell in a faint and rolled from the platform. Miss Anna Westberg, the solitary passenger, saw her peril and jumped from the car, escaping with some painful bruises. The car bounded forward, going down the hill at terrific speed.

At the foot of the hill, where there is a sharp curve, Peter Sharp, eighteen years of age, was waiting for the car. He had not noticed that it was running away. When the car struck the curve and jumped the track it scooped young Sharp on the fender and crashed into Charles Holstein's dwelling. Sharp's brains were battered out against the stone foundation. The side walls of the house were crushed in and the entire structure was wrecked. Mrs. Holstein was alone in the house at the time and escaped without injury, climbing through a window.

### WILL ROAST REPORTERS.

Dowie Promises to Hand Out Some Hot Stuff on New Yorkers.

New York, Oct. 26.—Sunday was the most quiet day that Dowie and his host have passed since their invasion of New York. Three services were held in the early morning, afternoon and evening, at the two latter of which the garden was fairly well filled. The proceedings were marked by the absence of any attempt at disturbance. The afternoon sermon presented no novel features, being devoted to Dowie's customary denunciation of Masonry and Roman Catholicism.

At the evening service Dowie again denounced the Masons and delivered another long tirade against the press, declaring that tonight he would have something to say about the New York reporters that would make all his previous utterances appear mild by comparison.

### CONDITIONS IMPROVED.

Yellow Fever on the Decline in Laredo and San Antonio.

Laredo, Tex., Oct. 26.—Yellow fever conditions have so greatly improved that there is no longer any doubt that in a short time the disease will have been entirely stamped out.

The official bulletin issued last night follows: New cases, 12; deaths, 1; total cases to date, 534; total deaths to date, 44.

The yellow fever situation in San Antonio is greatly improved and the belief is that the quarantine against the city will be raised in a few days.

### DERANGED OVER RELIGION

CLAIMED SHE COMMITTED THE  
CRIMES AT DICTATION OF A  
SUPREME POWER.

Monterey, Cal., Oct. 26.—While mentally deranged Mrs. Louis Iverson, wife of a Salinas machinist, murdered three of her children Saturday at Pacific Grove at the dictation, she said later, of a supreme power. She first strangled her eldest daughter, Louisa, aged twelve years. She then attempted the life of her eldest son, aged eleven, but the boy broke away from her and took a train for his home in Salinas. She then strangled her son Harold, aged six, and securing an axe, struck him a blow on the head. Later in the evening she killed her seven-months-old baby Maria by strangling.

The murder of her children was related by Mrs. Iverson to Sheriff Nesbit Sunday. She related that during the night she had walked about the house, lying down for a short time on the floor. She said she realized now that she had done wrong, but believed that she was doing right at the time she committed the deed. She persisted, however, in stating that the children were not dead.

The boy who escaped went to his home in Salinas and reported to his father that the eldest girl was ill and had been lying on the bed, but said nothing of his mother's attack on him.

### Physician Refused Admittance.

The father telephoned to a Pacific Grove physician asking him to call at the house and see the child. The doctor did so and was met at the door by Mrs. Iverson, who said there was no one sick in the house and that some mistake had been made.

Early Sunday morning Mr. Iverson drove to Pacific Grove. He knocked at the front door of the cottage, where his family had been living and was told to go around to the back door. He did so and entering the house was about to kiss his wife when she said: "Don't touch me. Don't you put your hands on me. Go and look at your children."

With that he opened the door of an adjoining room where lay the bodies of the three children, the boy on one bed and the two girls on another. The house was in disorder and indications were plentiful that the two older children had struggled hard against their death.

Mrs. Iverson had been ill for several months and had showed signs of mental derangement, her mania being of a religious nature.

McClure lived near Frankton and had separated from his wife a year ago, she refusing to live with him and returning with her children to her father's home. McClure fled and was pursued by a crowd of young farmers bent on deadly vengeance. The alarm was given and from all surrounding towns armed pursuers started. To the jail turnkey McClure admitted the murder of his two children and said he had killed them because his wife had left him and refused to see him.

a fence corner. While a mob was  
forming to capture and lynch him,  
McClure drove on a run to this city  
and gave himself up. He has been  
secreted by the authorities, who fear  
attempted violence.

McClure lived near Frankton and  
had separated from his wife a year  
ago, she refusing to live with him and  
returning with her children to her fa-  
ther's home. At noon Sunday Mc-  
Clure hired a rig at Elwood and drove  
to the Kilgore farm, the owner being  
Mrs. McClure's father. He found the  
children playing in the front yard and  
induced them with candy to take a  
ride with him. He drove a mile up  
the road, carried the children to a  
fence corner and shot them with a re-  
volver. The older one was found  
dead a few minutes later and the  
younger one was dying, a piece of the  
candy being still in his mouth. Mc-

## ANNUAL MEETING OF COUNTY TEACHERS

Held at the Court House in this  
City on Saturday, Octo-  
ber 24.

### NEW OFFICERS ARE ELECTED

And an Entertaining Programme  
is Observed—Attendance  
is Small.

The regular meeting of the Crow  
Wing County Teachers association was  
held in the grand jury room in the court  
house on Saturday Oct 24, beginning at  
9:30 o'clock a. m.

Twenty-three teachers were enrolled.  
Those who were present at the morning  
session are as follows: Myrtle Bills, of  
Dist. 57; Ida Comer, of Dist. 42; Maude  
Caughey, of Dist. 28; Mabel English, of  
Dist. 3; Nora Hammett, of Dist. 25;  
Margaret Hoerner, of Dist. 6; Ida Belle  
Huston, of Dist. 10; Jennie Nelson, of  
Dist. 29; Ethel Smith, of Dist. 12; Abby  
Ambrose, of Dist. 51; Florence Shepard,  
of Dist. 34; Florence Knox, of Dist. 50;  
Emma Willard, of Dist. 8; Emmagene  
Scribner, of Dist. 60; Mae Holman, of  
Dist. 42; Ruth Moore, of Dist. 52, Ivy  
Wager, of Dist. 36; Lizzie Kelly, of Dist.  
13; Lillie Myers, of Dist. 68; Thirsa  
Clark, of Dist. 69; Mabel McKay, of  
Dist. 37.

Supt. Wilson acted as chairman, and  
he requested that we proceed to the  
election of officers for the association.  
For the office of secretary the names of  
Nora Hammett, Florence Shepard and  
Mabel McKay were placed in nomina-  
tion. Ballot was then taken resulting  
in the election of Mabel McKay.

Mr. Chairman requested that the  
election of a president be deferred until  
the afternoon session.

The following programme was then  
taken up:

1. Spelling, conducted by the county  
superintendent.

1. Reading, conducted by Miss Mc-  
Kay, of Dist. No. 37.

3. School Management, conducted  
by the county superintendent on new  
lines.

The assembly then adjourned to the  
Whittier building where they enjoyed  
and gained many ideas and methods  
from a recitation in reading conducted  
by Miss Adams, teacher of the primary  
grade. The teachers felt very grateful  
for this exercise and on motion duly  
seconded a vote of thanks was extended  
to Miss Adams. We were then favored  
with two songs from the primary class,  
led by Miss Barker.

The meeting adjourned until the af-  
ternoon.

The afternoon session opened at 1:30  
o'clock. The election of a president was  
then taken up and Myrtle Bills being  
the only nominee was unanimously  
elected.

The following programme was then  
enjoyed:

4. History in the Rural Schools, by  
Miss Bane, of Dist. 4.

5. Geography, conducted by Supt.  
Wilson.

On motion the meeting adjourned.

MABEL McKAY,  
Secretary.

## BUYS MINNEAPOLIS REALTY

Mr. William Firth, of Valparaiso, Chili,  
and Well Known Here, Invests in  
Minneapolis Real Estate.

The Minneapolis Journal contains the  
following:

"Edward J. O'Brien has made another  
real estate sale to William Firth, of Val-  
paraiso, Chili. Mr. Firth will invest  
from \$50,000 to \$75,000 in building a fire-  
proof building. He will retire from his  
business in South America as a miller  
and grain shipper and remove with his  
family to Minneapolis.

"The sale is that of the former O'-  
Shaughnessy property at 2714 Park ave-  
nue between the Queal and Turnbull  
houses for \$8,500. Mr. Firth will remove  
the house and build two flat buildings  
of about eighteen apartments, F. B. and  
L. L. Long are the architects. One will  
face Park the other Elliott avenue.  
There will be an oval court and grass  
plot between the two buildings. Mr.  
Nimrocks bought the place about four-  
teen years ago for \$20,000. He built the  
house over. The lot is 88 feet by 330  
feet.

Mr. O'Brien has made three previous  
sales to Mr. Firth, who is a man of  
wealth and evidently one of discrimina-  
tion in investment.

"These sales already announced, were  
two apartment houses at 419-423 Tenth

## BRAINERD'S NEW PASTOR

Rev. H. W. Knowles, the New M. E. Pastor.  
Fills the Pulpit of the Church Yester-  
day and Delivers an Address.

Rev. Harry W. Knowles, the new pas-  
tor of the First M. E. church, occupied  
the pulpit of that church Sunday morn-  
ing, delivering an eloquent sermon en-  
titled "A Vision of God at Eventide." The  
gentleman is a forcible speaker  
gifted with strong imaginative powers,  
but basing all his arguments on a solid  
foundation of common sense. He has a  
quick, energetic manner of expression,  
seizing a Bible passage and explaining  
it with a perfect rapid fire of apt com-  
parisons and illustrations. The fine  
gestures used by him emphasized the  
beauty of his address.

Some of his pertinent remarks are ap-  
pended. Speaking of monopolies he  
said: "In Egypt, where the valley of the  
Nile represents the valley of our  
Mississippi, occurred the first corner in  
wheat." "Christ represents the true  
type of Brotherhood." "God has per-  
fected motherhood, but he has not yet  
been able to present a perfect father."

In his closing remarks he gave a  
beautiful word painting describing the  
patriarch in the eventide of his life as  
he shaded his eyes and gazed over the  
desert seeing the caravan with its out-  
riders approach; then with bated breath  
perceiving a prince and his retinue de-  
tach themselves from the main body,  
advance to his feet and saluted him; and  
eventually with a surge of passionate  
joy, recognizing in the prince before  
him, his long lost son, Joseph."

DEPOT IMPROVEMENTS.

New Steam Heating Plant Now Being

Installed and Other Improve-  
ments Made.

The work of installing the new steam  
heating plant in the depot is now well  
under way, the material being now nearly  
all on the ground. The boiler arrived  
this morning and will be placed into  
position at once. It will be a much ap-  
preciated improvement when completed.

A. Everett has the contract for build-  
ing the large shed over the platform at  
the west end of the building and started  
work this morning.

Concerning the Martyn Case.

The following from the St. Paul Dis-  
patch concerning the Martyn personal  
injury case, the result of which was  
published in Saturday's issue, will be of  
interest:

"A verdict of \$5,000 in favor of John  
S. A. Martyn was returned by the jury  
in the suit brought by him against the  
Minnesota & International Railway com-  
pany.

Martyn was formerly a switchman for  
the road, and at the time of the accident  
complained of was working in the yards  
at Brainerd. It was his duty to turn a  
switch and then get on the engine as it  
passed him, as he averred in his com-  
plaint. As he grasped the hand holds  
on the engine the engineer, Smith, so  
plaintiff said, suddenly turned on more  
steam and jerked the engine ahead, so  
that the plaintiff lost his hold on the en-  
gine and fell under the wheels, losing  
about one-half of his left foot.

The trial was on before Judge Kelly  
and a jury for three days.  
When the court sent the jury out he  
gave them special questions to answer,  
at the request of the defendant:

Did Smith, the engineer, know, or  
ought he, in the exercise of a reasonable  
care to have known, that the plaintiff in-  
tended to get on the engine as it passed?

Did Smith, the engineer, open the  
throttle and put on more steam at the  
time Martyn attempted to get on the en-  
gine?

Did the engineer jerk or shoot for-  
ward at the time Martyn attempted to  
get on the engine?

To these three questions the jury an-  
swered yes in each case.

The question of whether or not it is  
possible to make a heavy railroad en-  
gine jerk or leap forward at any event  
became important as the case progressed.

The defense called witnesses to show  
that such a thing was impossible, while  
the plaintiff summoned witnesses to test-  
ify that it was possible.

There was introduced a paper signed  
by the plaintiff, in which he did not at-  
tribute any blame to the defendant com-  
pany, but the plaintiff testified that he  
signed it at a time when he was sick  
and weak and did not know what he  
was signing.

## MUSIC AND DRAMA.

### "OLD JED PRUTTY"

"Old Jed Prutty," the rural play deal-  
ing with life down in Maine, opened a  
three days' engagement at the Grand  
opera house yesterday afternoon. This  
play, which was written by William Gill  
and Richard Golden, seems destined to  
live for many years yet. It's good old-  
fashioned humor still creates much  
laughter, while there is a vein of pathos  
running through it that appeals strongly  
to the audience.

The present company is a most cap-  
able one. Charles Cowles is well fitted  
to the role of Old Jed, the venerable  
keeper of the moss grown tavern at  
Bucksport. The court room scene where  
Old Jed makes a plea for the Stubbs  
boy who calls out the fire department, is  
one of the greatest in the play, and Mr.  
Cowles is seen at his best in this. Harry  
B. Morse, who plays the part of Zeb  
Hardy, a one-legged teamster, took the  
same role when Richard Golden starred  
in the play, and could not be improved  
upon. Wilfred Wilson as the tax col-  
lector, Neil Quinlan as the village jus-  
tice, Kathryn Austin as Old Jed's maiden  
sister, Evelyn Wood as the belle of  
Bucksport, and Little Lillian Lipp-  
mann as Tretty, are all remarkably  
well cast, and do their full share toward  
the success of the play.

Among the specialties introduced the  
male quartette was the best, and far  
better than the average. Morse & Hodge  
have a good company this year, and  
should do a good business. Springfield  
Union, August 28, 1906.

Seats are now selling for "Old Jed  
Prutty," which comes to the Brainerd  
theatre tomorrow night. It's funny,  
don't miss it.

### "THE TWO SISTERS."

Denman Thompson's glorious play,  
"The Two Sisters," was suggested by  
the famous painting Les Deux Soeurs  
by Charles Guerin, now on exhibition in  
the Louvre in Paris. Around it the dis-  
tinguished author wove a dramatic tale  
of rural and metropolitan life which for  
intensity, quaintness and humor has  
never been equalled. It carries the  
auditor through scenes and incidents  
that must be recognized as real, and tells  
the old, old story in a manner that plays  
on one's heart strings with telling effect.  
All this is mingled with comic type  
serious people, busy hustlers, lazy  
loungers, pretty girls, bad men from the  
east and good men from the west and  
many other kinds and conditions of peo-  
ple in such odd complications and queer  
places as cannot fail to be not only  
amusing but in a manner instructive.  
Never for an instant does the moral tone  
leave the play. Thorough all these  
scenes that are natural every day life  
as we most meet it everywhere, goes the  
reward of virtue and the punishment of  
vice—but no preaching. Only just what  
would really happen when the bad goes  
to bad and the good climbs the golden  
stairs and—well "The Two Sisters" will  
be in town at the Brainerd theatre Fri-  
day, Oct. 30.

### EDWARD BAXTER PERRY.

Edward Baxter Perry, the noted blind  
pianist, who appears in this city Nov. 2,  
has played in all the principal cities of  
Europe, and his work is greatly praised  
by the art critics of these countries as  
the following paragraph from the Berlin  
(Germany) Tageblatt would indicate:

"His playing is distinguished for fine  
musical feeling and a soft and beautiful  
touch, and the cleanness and accuracy  
of his technique are astounding."

### MR. ARTHUR FARWELL.

Concerning Mr. Arthur Farwell, who  
will appear at the Congregational  
church Friday evening, Oct. 30, under  
the auspices of the Ladies Musical club  
the Minneapolis Journal says:

"Mr. Farwell is one of a group of en-  
thusiastic young American composers  
who believe that Indian music will form  
an element of greater importance in a  
school of music which will be recognized  
as distinctively American. Mr. Farwell  
has made an exhaustive study of the  
music of the Indians and found that  
contrary to popular belief, they have in-  
numerable songs, beautiful and expres-  
sive melodies, in which are voiced all  
the elemental motions.

"For many of these melodies Mr. Far-  
well has written a beautiful and charac-  
teristic harmony. He will play a  
number of these simple transcriptions  
to illustrate his lecture and also some of  
his own compositions, developed from  
Indian music and myth."

## ANNUAL MEETING OF COUNTY TEACHERS

Held at the Court House in this  
City on Saturday, Octo-  
ber 24.

### NEW OFFICERS ARE ELECTED

And an Entertaining Programme  
is Observed—Attendance  
is Small.

The regular meeting of the Crow  
Wing County Teachers association was  
held in the grand jury room in the court  
house on Saturday Oct 24, beginning at  
9:30 o'clock a. m.

Twenty-three teachers were enrolled.  
Those who were present at the morning  
session are as follows: Myrtle Bills, of  
Dist. 57; Ida Comer, of Dist. 42; Maude  
Caughy, of Dist. 28; Mabel English, of  
Dist. 3; Nora Hammett, of Dist. 25;  
Margaret Hoerner, of Dist. 6; Ida Belle  
Huston, of Dist. 10; Jennie Nelson, of  
Dist. 29; Ethel Smith, of Dist. 12; Abby  
Ambrose, of Dist. 51; Florence Shepard,  
of Dist. 34; Florence Knox, of Dist. 50;  
Emma Willard, of Dist. 8; Emmagene  
Scribner, of Dist. 60; Mae Holman, of  
Dist. 42; Ruth Moore, of Dist. 52; Ivy  
Wager, of Dist. 36; Lizzie Kelly, of Dist.  
13; Lillie Myers, of Dist. 68; Thirsa  
Clark, of Dist. 69; Mabel McKay, of  
Dist. 37.

Supt. Wilson acted as chairman, and  
he requested that we proceed to the  
election of officers for the association.  
For the office of secretary the names of  
Nora Hammett, Florence Shepard and  
Mabel McKay were placed in nomina-  
tion. Ballot was then taken resulting  
in the election of Mabel McKay.

Mr. Chairman requested that the  
election of a president be deferred until  
the afternoon session.

The following programme was then  
taken up:

1. Spelling, conducted by the county  
superintendent.

2. Reading, conducted by Miss Mc-  
Kay, of Dist. No. 37.

3. School Management, conducted  
by the county superintendent on new  
lines.

The assembly then adjourned to the  
Whittier building where they enjoyed  
and gained many ideas and methods  
from a recitation in reading conducted  
by Miss Adams, teacher of the primary  
grade. The teachers felt very grateful  
for this exercise and on motion duly  
seconded a vote of thanks was extended  
to Miss Adams. We were then favored  
with two songs from the primary class,  
led by Miss Barker.

The meeting adjourned until the af-  
ternoon.

The afternoon session opened at 1:30  
o'clock. The election of a president was  
then taken up and Myrtle Bills being  
the only nominee was unanimously  
elected.

The following programme was then  
enjoyed:

4. History in the Rural Schools, by  
Miss Bane, of Dist. 4.

5. Geography, conducted by Supt.  
Wilson.

On motion the meeting adjourned.

MABEL MCKAY,  
Secretary.

## BUYS MINNEAPOLIS REALTY

Mr. William Firth, of Valparaiso, Chili,  
and Well Known Here, Invests in  
Minneapolis Real Estate.

The Minneapolis Journal contains the  
following:

"Edward J. O'Brien has made another  
real estate sale to William Firth, of Val-  
paraiso, Chili. Mr. Firth will invest  
from \$50,000 to \$75,000 in building a fire-  
proof building. He will retire from his  
business in South America as a miller  
and grain shipper and remove with his  
family to Minneapolis.

"The sale is that of the former O'-  
Shaughnessy property at 2714 Park ave-  
nue between the Queal and Turnbull  
houses for \$8,500. Mr. Firth will remove  
the house and build two flat buildings  
of about eighteen apartments, F. B. and  
L. L. Long are the architects. One will  
face Park the other Elliott avenue.  
There will be an oval court and grass  
plot between the two buildings. Mr.  
Nimrocks bought the place about four-  
teen years ago for \$20,000. He built the  
house over. The lot is 88 feet by 330  
feet.

Mr. O'Brien has made three previous  
sales to Mr. Firth, who is a man of  
wealth and evidently one of discrimina-  
tion in investment.

"These sales already announced, were  
two apartment houses at 419-423 Tenth  
street S., \$25,000; four tenements, Sixth  
avenue S between Ninth and Tenth,  
\$32,000; business block on Cedar street  
in St. Paul between Third and Fourth  
streets, \$1,000."

to the role of Old Jed, the venerable  
keeper of the moss grown tavern at  
Bucksport. The court room scene where  
Old Jed makes a plea for the Stubbs  
boy who calls out the fire department, is  
one of the greatest in the play, and Mr.  
Cowles is seen at his best in this. Harry  
B. Morse, who plays the part of Zeb  
Hardy, a one-legged teamster, took the  
same role when Richard Golden starred  
in the play, and could not be improved  
upon. Wilfred Wilson as the tax col-  
lector, Neil Quinland as the village jus-  
tice, Kathryn Austin as Old Jed's maiden  
sister, Evelyn Wood as the belle of  
Bucksport, and Little Lillian Lipp-  
mann as Tretty, are all remarkably  
well cast, and do their full share toward  
the success of the play.

Among the specialties introduced the  
male quartette was the best, and far  
better than the average. Morse & Hodge  
have a good company this year, and  
should do a good business. Springfield  
Union, August 28, 1903.

Sets are now selling for "Old Jed  
Prouty," which comes to the Brainerd  
theatre tomorrow night. It's funny,  
don't miss it.

### "THE TWO SISTERS."

Denman Thompson's glorious play,  
"The Two Sisters," was suggested by  
the famous painting Les Deux Soeurs  
by Charles Guerin, now on exhibition in  
the Louvre in Paris. Around it the dis-  
tinguished authoress wove a dramatic tale  
of rural and metropolitan life which for  
intensity, quaintness and humor has  
never been equalled. It carries the  
auditor through scenes and incidents  
that must be recognized as real, and tells  
the old, old story in a manner that plays  
on one's heart strings with telling effect.  
All this is mingled with comic types—  
serious people, busy hustlers, lazy  
loungers, pretty girls, bad men from the  
east and good men from the west and  
many other kinds and conditions of peo-  
ple in such odd complications and queer  
places as cannot fail to be not only  
amusing but in a manner instructive.  
Never for an instant does the moral tone  
leave the play. Thorough all these  
scenes that are natural every day life  
as we most meet it everywhere, goes the  
reward of virtue and the punishment of  
vice—but no preaching. Only just what  
would really happen when the bad goes  
to bad and the good climbs the golden  
stairs and—well "The Two Sisters" will  
be in town at the Brainerd theatre Fri-  
day, Oct. 30.

### EDWARD BAXTER PERRY.

Edward Baxter Perry, the noted blind  
pianist, who appears in this city Nov. 2,  
has played in all the principal cities of  
Europe, and his work is greatly praised  
by the art critics of these countries as  
the following paragraph from the Berlin  
(Germany) Tageblatt would indicate:

"His playing is distinguished for fine  
musical feeling and a soft and beautiful  
touch, and the cleanness and accuracy  
of his technique are astounding."

### MR. ARTHUR FARWELL.

Concerning Mr. Arthur Farwell, who  
will appear at the Congregational  
church Friday evening, Oct. 30, under  
the auspices of the Ladies Musical club  
the Minneapolis Journal says:

"Mr. Farwell is one of a group of en-  
thusiastic young American composers  
who believe that Indian music will form  
an element of greater importance in a  
school of music which will be recognized  
as distinctively American. Mr. Farwell  
has made an exhaustive study of the  
music of the Indians and found that  
contrary to popular belief, they have in-  
numerable songs, beautiful and expres-  
sive melodies, in which are voiced all  
the elemental motions.

"For many of these melodies Mr. Far-  
well has written a beautiful and charac-  
teristic harmony. He will play a  
number of these simple transcriptions  
to illustrate his lecture and also some of  
his own compositions, developed from  
Indian music and myth."

# RUSSIANS ARE IRRITATED.

Resentment Growing Against England  
and United States.

London, Oct. 26.—Special dis-  
patches from St. Petersburg repre-  
sent a growing ill-feeling in Russia  
against England and the United  
States because of the supposed sym-  
pathy of these countries for Japan.  
This feeling finds expression in the  
Novoe Vremya, which, in commenting  
on the decision of the Alaska boundary  
tribunal, says it hopes that Canada  
will now sever the ties connecting it  
with Great Britain.

The Oyan Novikr maintains a  
belligerent attitude, expressing the  
opinion that neither Great Britain nor  
the United States will interfere and Rus-  
sia was never better prepared for  
war. This paper urges that Japan  
had better be crushed without delay.

Yokohama, Oct. 26.—It is officially  
reported here that Hagiwara Shuichi,  
secretary of the Japanese legation at  
Seoul, Korea, and his party, have been  
prevented by the Russians from land-  
ing at Yonghampo, thereupon the party  
proceeded and landed at Wiju.

Japanese reports of a visit to the  
alleged signal station at Yonghampo  
are to the effect that there is a fort  
there.

**RUSSIAN TROOPS GOING EAST.**  
Seven Trainloads of Soldiers Bound  
for Scene of Threatened Trouble.

St. Petersburg, Oct. 26.—The United  
States commercial agent, M. M. Lang-  
horne, is at present here on his way  
back to Port Dalny, the new port on  
the eastern shore of the Liao Tung  
peninsula, about twenty miles from  
Port Arthur.

He says that on the railroad trip  
from Port Dalny, he counted seven  
trains bearing Russian soldiers going  
East.

Liverpool, Oct. 26.—Believing that  
war between Russia and Japan cannot  
be long delayed, the marine underwrit-  
ers declined to accept war risks on  
Japanese steamers even at the tempt-  
ing price of 25 guineas per cent.

**ADDRESS BY ROOSEVELT.**  
Chief Executive Talks on Intelligent  
Service to God and to the State.

Washington, Oct. 26.—Intelligent  
service to God and to the state was  
the subject of an address by Presi-  
dent Roosevelt to the 7,000 people who  
attended the public open air mission-  
ary service at Mount St. Albans Sun-  
day afternoon on the close of the  
Cathedral of Saints Peter and Paul.

The president was accompanied by  
Mrs. Roosevelt, Admiral Dewey and  
Brigadier General John M. Wilson.  
After a procession led by the marine  
band in cassocks and cottas of a  
choir of 500 voices, the clergy of the  
diocese of Washington, and the bish-  
ops of the Anglican communions in  
America, the opening prayers were  
read by Bishop Doane of Albany.

The president was introduced by Presi-  
dent Satterlee. At the close of the pres-  
ident's address the Most Rev. Enos  
Nuttall, archbishop of the West In-  
dies, asked permission to say a word  
on behalf of the British people.

Speaking, as he said, for them, he  
told of the "reverence and respect"  
which all Englishmen feel for the  
president of the United States and  
for Theodore Roosevelt, "the man and  
the Christian." He declared that Eng-  
land welcomed the expansion of the  
United States into a world power and  
that if President Roosevelt should  
visit England he would receive the  
greatest welcome ever extended a  
foreign visitor.

**DISORDERLY DEMONSTRATION.**  
Messenger Boys Attempt to Mob a  
Girl Strike Breaker.

Boston, Oct. 26.—Only one disorder-  
ly demonstration marked the third day  
of the strike of messenger boys, em-  
ployed by the American District Tele-  
graph company. Throughout the day  
several strikers were on picket duty  
in the vicinity of the Western Union  
Telegraph company's main office on  
State street. The pickets tried to in-  
duce many of the girl strike breakers  
to stop work but generally without  
any attempt at intimidation.

Late in the day one of the girls  
started out of the office with a mes-  
sage and several boys followed her to  
Salem street, yelling at her and  
punctuating their remarks with  
threats. The girl paid no attention to  
the crowd until one of the boys  
struck her and then she struck back.  
This was the signal for an attack on  
her by the entire crowd, which had  
grown considerably since leaving  
State street. Several men rushed to  
aid the girl and protected her until a  
couple of policemen by force of  
their clubs, scattered the strikers and  
their sympathizers. The girl delivered  
the message and returned to the  
office under police escort.

**FIFTY PERSONS INJURED.**  
Two Cars on Elevated Railroad Jump  
the Track.

New York, Oct. 26.—A train com-  
posed of two cars on the Kings county  
elevated structure, at the Brooklyn  
end of the bridge, jumped the track  
at the curve, narrowly escaped falling  
into the street, caught fire from the  
third rail and was partly consumed.  
Fifty passengers were bruised by the  
jolt and thrown into a panic by the  
blaze and all rushed to the tracks, re-  
gardless of the deadly third rail, and  
escaped.

**Cottages Destroyed by Fire.**  
Norfolk, Va., Oct. 26.—But for the  
heroic work of the crews from three  
lifesaving stations the entire summer  
resort of Virginia Beach, with its two  
large hotels and half a hundred more  
costly homes, would probably be a  
mass of charred timbers and ashes.  
As it is five handsome cottages are  
destroyed and many thousands of dol-  
ars lost with no insurance.

**Man and Wife Assassinated.**  
Port Jervis, N. Y., Oct. 26.—Rich-  
ard Bevans, a farmer, and his wife,  
who live near Dingmans Ferry, Pa.,  
were shot as they sat at a window of  
their home and both are expected to  
die. The neighborhood is being  
scoured for the assassin, but no clue  
to his identity or the motive for the  
shooting has been obtained.

# UNDER TONS OF ROCK

LIVES OF TEN MEN ARE CRUSHED  
OUT BY CAVE-IN OF A TUNNEL  
ROOF AT NEW YORK.

**FOUR PERSONS BADLY HURT**  
ACCIDENT OCCURS WHILE WORK-  
MEN ARE ADVANCING TO RE-  
MOVE LOOSE EARTH.

New York, Oct. 26.—Ten lives were  
lost by the cave-in of the roof and  
walls of the subway tunnel at One  
Hundred and Ninety-fifth street Sat-  
urday night and four persons were bad-  
ly injured. All of the dead and in-  
jured were workmen, and most of  
them Italians. Following is the list  
of dead: Timothy Sullivan, William  
Schnette, Guiseppe Barone, Stan-  
zone Brune, Louis Tippi and five un-  
identified Italian laborers.

The accident was the most disas-  
trous that has occurred in the con-  
struction of the subway. At that  
point where the cave-in occurred a  
gang of twenty men were at work in  
the tunnel, which is about 110 feet  
below the surface.

Rufus C. Hunt, general superintend-  
ent of the tunnel work, said that two  
converging seams had appeared in  
the roof of the tunnel during the  
work on Saturday. The presence of  
these seams, however, was not be-  
lieved to indicate any more dangerous  
character of the rock than had pre-  
viously been encountered, although it  
was thought necessary to prop the  
roof with a number of upright timber  
braces.

**Blasts Loosened the Rock.**  
The tunnel was being bored by open-  
ing a perpendicular embrance in the  
face of the bore and blasting the sides  
to the right and left of this embrance.  
Three blasts were arranged by the  
drillers, the holes being charged with  
toward the roof. The drillers then  
withdrew and the three blasts were  
set off in rapid succession by electric-  
ity, loosening large quantities of earth  
and rock.

The drillers say that about ten min-  
utes elapsed to allow the smoke to  
clear away before Timothy Sullivan,  
the foreman, and Electrician Schnette  
advanced, the latter intending to string  
wires and hang electric lamps to light  
the way. They were followed by six-  
teen workmen. The vanguard of the  
gang had reached the broken stone  
when a rumbling sound was heard.  
It grew in volume with lightning-like  
rapidity. Those in the rear had just  
time to turn about and run when, with  
a deafening crash, hundreds of tons  
of rock fell on the men at the face of  
the boring.

The drillers and two or three Italians  
who were out of reach of the deluge  
of rock, were knocked flat on their  
faces by the rush of wind-driven  
through the tunnel. When the roar  
had ceased the cries of injured work-  
men echoed through the tunnel.

**Survivors Send in an Alarm.**  
Two negroes, in charge of a tramcar  
which they were pushing along the  
track to be loaded with the blasted  
rock, rushed to the opening at Two  
Hundredth street and to the Speed-  
way livery stables, a block away and  
there telephoned an alarm to police  
headquarters. Reserves were imme-  
diately ordered to the scene, while  
ambulances were sent from several  
hospitals.

A policeman and two ambulance  
surgeons were the first to enter the  
tunnel after the accident. They ran  
along the track, which was still  
lighted by incandescent lamps, until  
they reached the great pile of bould-  
ers and crushed rock. The first vic-  
tim found, an Italian laborer, was  
pinned on a shelf of the excavation  
by one leg, a boulder of about ten  
tons in weight having fallen on the

# Liquozone Cost \$100,000

Yet We Will Buy a 50c. Bottle and Give it to You.

This company, composed of business,  
professional and medical men of ability,  
paid \$100,000 for the right to make  
Liquozone. That is the highest price  
ever paid for the rights in one country on  
any scientific discovery. It was paid by  
us, after years of experiment with it, be-  
cause Liquozone alone can kill inside  
germs without killing the tissues, too.  
Nothing else can destroy the cause of any  
germ disease.

**Liquid Oxygen.**  
Liquozone is simply liquid oxygen—no  
drugs, no alcohol in it. It is the dis-  
covery of Paul, the great German chem-  
ist, who spent 20 years on it. His object  
was to get such an excess of oxygen in  
staple form into the blood that no germ  
could live in any membrane or tissue.  
Liquozone does that. We spend 14  
days in making each bottle of it, but the  
result is a germicide so certain that we  
publish on every bottle an offer of \$1,000  
for a disease germ that it cannot kill.

**Kills All Germs.**  
Any drug that kills germs is a poison  
to you and it cannot be taken internally.  
Medicine never destroys inside germs.  
Liquozone kills them with oxygen—a  
toxic to you—the very source of vitality.  
It kills them because germs are vegetables.

and an excess of oxygen—the very life of  
an animal—is deadly to vegetable matter.  
Liquozone is employed in the largest  
hospitals, and prescribed by the best  
physicians, the world over. It is essen-  
tial in any germ disease, for the cause  
must be destroyed, and nothing else can  
do it. Liquozone then acts as a tonic to  
bring back a condition of perfect health;  
for oxygen is Nature's greatest tonic. Its  
effects are exhilarating, purifying, vitaliz-  
ing. It does something that all the skill  
in the world cannot do without it.

**Germ Diseases.**  
These are the known germ diseases.  
All that medicine can do for these troubles  
is to help Nature overcome the germs,  
and such results are indirect and un-  
certain. Liquozone kills the germs,  
wherever they are, and the results are in-  
evitable. By destroying the cause of the  
trouble, it invariably ends the disease,  
and forever.

rob. He was hanging head down,  
groaning in semi-consciousness. The  
rock which held him was restrained  
from falling further by a small piece  
of stone insecurely wedged under it.  
An examination showed that an ef-  
fort to move the boulder would cause  
the Italian to be completely crushed.  
The doctors then determined to am-  
putate the pained leg and it was done  
in the light of the ambulance lamp.  
The man, who was not identified, died  
later at a hospital.

**Work of Rescue Delayed.**  
The work of further rescue was de-  
layed for some little time owing to  
the threatening position of the boulder.  
Meantime the cries and groans  
from under the mass of stone wrought  
such excitement among the rescuers  
that they were prepared to undertake  
any danger to render assistance to  
the imprisoned injured. The cave-in  
released a natural spring in the earth  
above the tunnel and in a few mo-  
ments a stream of water was rushing  
in and trickling about the feet of the  
workers, and to some extent interfer-  
ing with the work of rescue.

The firemen and policemen con-  
tinued the work of rescue and by re-  
moving tons of rock released the  
crushed and mangled bodies.  
Rufus C. Hunt, superintendent, and  
Richard Bevers, general foreman for  
John B. McDonald, the contractor who  
is building the tunnel, were arrested  
as soon as they reached the scene of  
the disaster, but being experts in tun-  
nel work and blasting were permitted  
to direct the work of rescue. Later  
a magistrate remanded them to the  
jailer, who held them in \$10,000 bail  
each.

Coroner Jackson said he believed  
the accident was caused by criminal  
negligence.
